PROFESSIONAL SUMMARY

Enthusiastic Software Tester with a strong foundation in Manual and Automation Testing. Skilled in Java, Selenium WebDriver, TestNG, Maven, and Cucumber BDD, with basic knowledge of SQL for database testing. Familiar with Agile methodology, SDLC, and STLC, and experienced in using Git and GitHub for version control. Successfully cleared TCS iON NQT (IT) with above-average scores. Looking to begin a QA career and contribute to delivering high-quality, reliable software.
